

Get the right color. **Quick.**

Polychem Panel Service

The Polychem powder coating team will ship stock color sample panels to you or your customer on the same or next day.

Don't see the shade you need?

No problem! We will 'match it - make it - mail it' in 5 – 7 working days. Quantities start as low as 5 lbs. If it's not stocked, or it's a custom order, we can make color chips to send to you for approval, or match it and go straight to manufacture if you prefer. It's your business, your choice!

Talk to your Polychem representative.
